A.B. Paterson College and Griffith University present

STEM CHALLENGE 2016

Years 7—10 Science, Technology, Engineering and Mathematics Challenges

Are you ready to become a member of a team to develop your problem-solving skills in:

- Science
- Technology
- Engineering
- Mathematics?

Then join us for two fun filled days of collaboration and problem solving!

The Challenge will include:

- Science Investigations
- Data Collection
- Problem Solving
- Mathematical Analysis
- Constructing

Plus ‘The Amazing Science Show’ presented by Dr John Thomas of A.B. Paterson College.

And did we mention that this is a competition... and there are prizes? Cool gadgets to be won!

The entry fee for A B Paterson students is $30 for the event, which includes Morning Tea and Lunch.

Registration will open Monday 18 July. Please complete an entry form. For further details, please contact: Rosa Reverte, rreverte@abpat.qld.edu.au or (07) 5561 4161.
